CERVICAL SCREENING

ASHLEIGH'S BLOG

Hi everyone! This week's blog is coming from me, Ashleigh!

I am the projects admin assistant, the person behind the scenes of our social media platforms, online cervical screening booking requests, and keeping our website up to date.

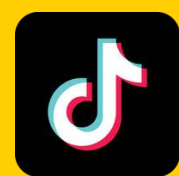

Social media is a massive part of our project as it allows us to engage with you all and reach a wider audience in order to help improve the uptake of cervical screening throughout Suffolk.

One of our new year goals is to try and increase our engagement on social media to try and reach an even wider audience. We have been thinking about some new post ideas and different ways we can engage with you all. If you have any feedback for us or any ideas of anything you would like to see then please let us know!

We are on a variety of different social media platforms, you can find us on the following accounts:

Very Important Invitation

We understand that cervical screening can be challenging for many reasons, and we want you to know that we are here if you would like to talk to us about any questions or concerns you may have regarding Cervical Screening. We also have a variety of more in-depth information available for you to read on our website <https://suffolkfed.org.uk/healthcare-services/cervical-screening/>

As just a reminder we offer evening and weekend appointments and you can request a cervical screening appointment with us online via the link below:
